

Highly concentrated hand dishwashing liquid

Description

Suma Star plus D1 plus is a highly concentrated hand dishwashing liquid for cleaning pots, pans, crockery, glass and all washable utensils.

Key properties

Suma Star plus D1 plus is a highly concentrated neutral liquid detergent suitable for manual cleaning of all kitchen utensils. The formulation is an optimal blend of anionic and non-ionic surfactants, which cuts through grease and dried-on food and makes rinsing easy and streak free. For dispensing accuracy Suma Star plus D1 plus should be used via the Divermite plus or Diverflow with Surelink dispenser from Diversey.

Benefits

- Reduces waste, needs less storage capacity and gives excellent economy in use due to highly concentrated formulation
- Cuts through grease and dried-on food
- Streak-free, easy rinsing for a superior finish
- Stable lather means long lasting efficiency of cleaning solution
- Convenient and controlled dispensing, through the Divermite or Diverflow with Surelink system; saves money

Use instructions

Suma Star plus D1 plus is supplied in flexible, environmental 1.5L plastic pouches designed to fit into the Divermite Plus or Diverflow with Surelink dispenser from Diversey.

Dosage:

Divermite Plus Dispenser: recommended minimum dosage is 1 dose (15ml) per 40L*. (Due to its concentrated nature, it is recommended to add Suma Star plus D1 plus to running water.)

Diverflow with Surelink (using high flow):

Concentration: 0.04 %*

Cleaning recommendation:

1. Prepare solution as recommended.
2. Soak items to be cleaned and wash with cloth, brush or scouring pad.
3. Rinse thoroughly and allow to air dry.

For heavily soiled items, a higher concentration may be required.
