

# TASKI Sani MouldOut Mini Guide

For Mould Removal

Use for removing mould:

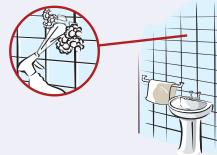

Bathrooms and showers

Contact time of up to 30 minutes depending on level of mould

Easy to use trigger spray application

Foaming properties increase product adhesion to vertical surfaces

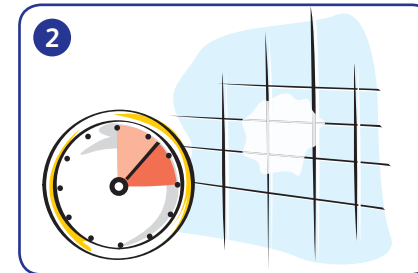

Removes stubborn mould and mildew from tiles and grouting

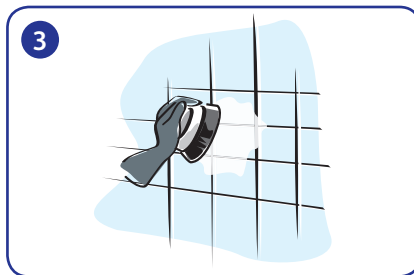

Using...

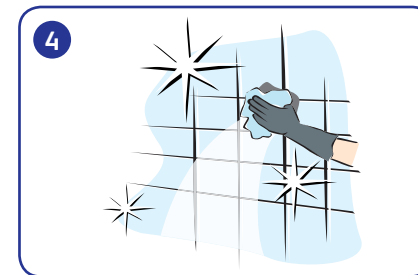

1 Spray onto affected areas or spray on a sponge and wipe over area.

2 Allow suitable contact time.

3 Agitate stubborn stains with grout brush or scourer.

4 Rinse thoroughly and buff to a shine.
