results

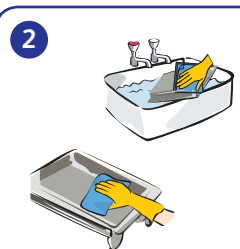

### Application... For mechanical warewash

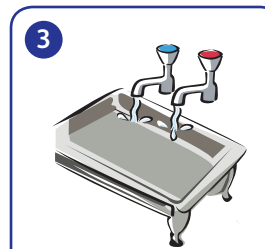

**Dishwashers**  
Switch off dosing equipment and fill dishwasher with fresh water and add 10-20% D5 to it.

Circulate the water for 10-15 minutes; drain and rinse thoroughly.

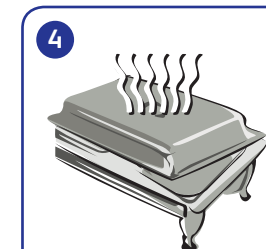

Soak or spray solution. Scrub if required.

Rinse thoroughly with clean water.

**Soaking**  
Dilute: 10-20% in water.

Allow to air dry.
