

## Manual dosed mechanical ware washing soluble sachet

### Description

The unique DIFY 6 in 1 soluble sachet and J-Watcher™ dosing alert give you the convenience of a controlled dosing system without the need to install equipment. DIFY delivers the same cleaning results as professional dishwashing multi component systems. The concept will give you instant powerful washing performance. One sachet will last for multiple wash cycles. A pack will last up to 600 washes. The J-Watcher will tell you when to dose another sachet. DIFY is specially designed for small under the counter and front load multi cycle machines.

### Key properties

This 6 in 1 product solution will give you immediate powerful washing performance. It includes: initial dosage, detergent, rinse-aid, anti-scaling, bleaching and soft-metal safe properties. All in one sachet as a unique product combination.

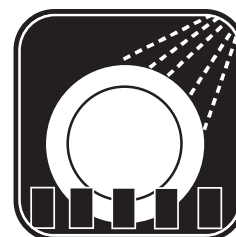

### Benefits

- Instant excellent results
- Up to 600 washes
- No need for separate rinsing, as it is included
- No overdosing possible due to J-Watcher
- Works under many different conditions
- Aluminum safe
- Cleaning and hygiene compliance without equipment
- No direct contact with chemical possible

### Use instructions

1. Place J-Watcher in wash bath and allow it to float.
2. Place sachet in wash bath; do not unwrap. Sachet will dissolve and red light of the J-Watcher will now change to green.
3. Start wash cycle.
4. Wash for multiple cycles (on average one sachet will last up to 15 wash cycles).
5. When the J-Watcher flashes red, add another sachet.

When the J-Watcher is not in the water it enters sleep mode and light goes off. The J-Watcher should be replaced with every new pack. You will find a new free J-Watcher in every DIFY pack. Dispose of the old J-Watcher in the battery container.
