

## Soft Care® Mild

### Mild handwash

#### Description

Soft Care Mild is a mild hand washing product, specially formulated to be gentle on the skin. The product is especially suitable for application in areas where frequent hand washing is required, such as hospitals and kitchens.

#### Key properties

- Based on a synthetic blend of surfactants, thickener polymer, perfume, opacifier and preservatives
- The effective surfactant system ensures excellent removal of (greasy) soil, emulsification of the removed soil and stabilization of the emulsion
- The composition of the surfactant system is such as to provide mildness, keeping the skin in good condition even after frequent hand washing
- Can be applied at areas where frequent hand washing is required, such as wash rooms of office buildings and kitchens.
- Fragranced with a perfume, delivering rich sensory properties
- Formulated in accordance with the European Cosmetics Directive and as such is safe when applied according the directions for use

#### Benefits

- Excellent cleaning performance
- Mildness tested
- Suitable for frequent handwashing

#### Use instructions

1. Apply one dosage of product on hands.
  2. Wet slightly and rub to form a rich lather.
  3. Rinse and dry thoroughly.
- Dry hands are important with respect to good hygiene.

#### Technical data

Appearance: Pink, opaque viscous liquid

pH value (neat): 5.3

Relative density (20°C): 1.018
