Application...

1

Place the pouch in the QuattroSelect Unit and position the yellow selector head to either the trigger or bucket option to dispense ready to use chemical.

2

Trigger Position
5L Bucket Position

Place trigger bottle/dosing bottle in the QuattroSelect unit and press back to fill the bottle to the desired level. For bucket fill, place the hose in the bucket and fill to the desired level

3

Flush toilet and lower water level by plunging water with brush. Apply into toilet bowl and under rim.

4

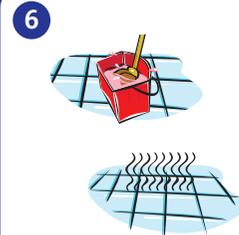

Brush to ensure all surfaces covered and leave for 5 minutes. Flush toilet and clean brush in flush water.

5

Apply solution by trigger spray or mop/cloth. Allow 5 minutes contact time.

6

Rinse or replace cloth/water regularly. Allow to air dry.
