

SURE Cleaner Disinfectant SD

Concentrated cleaner disinfectant in SmartDose™

Description

SURE Cleaner Disinfectant is part of a unique range of plant based, 100% biodegradable professional cleaning products for all daily cleaning needs. SURE Cleaner Disinfectant is a concentrated detergent disinfectant for cleaning and disinfection of all surfaces in food premises.

Key properties

- Suitable for cleaning and disinfecting of various water resistant surfaces in food premises in all water conditions.
- No fragrance nor dye, natural odour present due to plant based ingredients.
- Contains plant based ingredients from renewable sources.
- Readily biodegradable and decomposed by natural processes.
- No environmental hazard classifications, no safety warnings for product in use.

Benefits

- Very effective against a wide range of micro-organisms, helps to improve hygiene security.
- Bactericidal, virucidal (Enveloped viruses) and yeasticidal activities.
- Convenient and controlled dosing through the SmartDose dosing system.
- Reduced environmental impact.

Use instructions

Spray Cleaning and disinfecting:

1. Fill the 750ml spray bottle with water.
2. Turn the yellow head to the trigger bottle position; pull head up, then push down fully to dispense chemical.
Shake the bottle gently before use.
3. Remove debris before applying product.
4. Spray surface with solution and wipe. Re-spray and leave for a minimum of 30 seconds.
5. Wipe the surface. Rinse thoroughly with clean water and allow to air dry.

Bucket cleaning and disinfecting:

1. Start filling the bucket with water.
2. Turn the yellow head to bucket position; pull head up, then push down fully whilst filling the bucket up to 7L.
3. Remove debris before applying product.
4. Apply solution and clean with a cloth or brush.
5. Leave for at least 5 minutes, then wipe the surface. Rinse thoroughly with clean water and allow to air dry.

Please refer to your Food safety plan or HACCP assessment to identify areas where clean as you go is sufficient or where there is a requirement to disinfect.

A made up spray bottle of product will be active for up to seven days. Rinse and dry before refilling.

SURE Cleaner Disinfectant SD

Technical data

Appearance: Pale yellow liquid
pH value (neat): 2
pH value (in use): 3
Relative density (g/cm³; 20°C): 1.08

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.
