

Smart Solution

for fast and effective removal of body spillages

- Handy spill kit
- Hygienic packaging to dispose of spillage
- Effective disinfectant with patented Accelerated Hydrogen Peroxide technology
- Refills to top-up your kit once used!

SAFE | QUICK | EASY | ANYTIME

The Problems

Safety

Disinfectant has an excellent safety profile for surfaces, clothes and skin.

Speed

Keep your transport from being out-of-use – quick removal, quick disposal, back in use as soon as possible

No need to use additional cloths – everything is in the pack

A lot of time is wasted wringing, rinsing and laundering mops or cloths.

Cost effectiveness

Disinfectant and spill kit refills to top-up your kit once used!
